## WORK EXPERIENCE

### Frontend Developer

Workinton Qatar

JUN 2023 - JAN 2025 Doha, Qatar

- Built dynamic, responsive web components using React.js to ensure fast and smooth user experience on all devices.
- Worked closely with the UI/UX team to implement design systems and ensure a consistent look and feel across the app.
- Collaborated with backend developers to integrate RESTful APIs and ensure seamless data flow between the frontend and backend systems.
- Debugged and tested applications, identifying bugs and resolving performance issues to enhance application reliability.
- Participated in agile sprint planning and contributed to delivering high-quality features in a timely manner.
- Performed code reviews and mentored junior developers on best practices in React development and UI design.

### Full Stack Developer

Binosoft Technologies (PVT) Ltd.

NOV 2022 - MAR 2025 Kalmunai, Sri Lanka

- Developed and maintained full-stack web applications using ASP.NET (C#) for backend services and React.js for frontend interfaces.
- Built dynamic and responsive UI components with React.js, ensuring seamless integration with RESTful APIs and improving user experience.
- Designed and implemented backend logic, APIs, and database interactions using ASP.NET MVC and Entity Framework, optimizing for performance and security.
- Enhanced Worked with version control systems (Git, GitHub) for code collaboration, branching, and version management.
- Created mobile applications with React Native, sharing logic and components across platforms for efficient cross-platform development.maintainability and code quality.

### Technical Assistant

FEB 2022 - OCT 2022

- Provided technical support and troubleshooting for internal teams, assisting with software, hardware, and network-related issues.
- Supported the engineering team by diagnosing technical problems, conducting root-cause analysis, and implementing effective solutions.
- Assisted in testing and quality assurance of web and mobile applications to ensure functionality, usability, and performance standards.
- Help set up and maintain development environments, including configuring databases (MySQL, MSSQL) and backend servers.
- Participated in deployment processes, assisting in server-side configuration and post-deployment testing.
- Provided training and onboarding support for new technical team members, enhancing the team's overall productivity.
- Engaged in continuous learning and skills improvement, staying updated on new tools and technologies to better support the engineering teams.

## SUMMARY

Versatile Full-Stack Engineer with 2+ years of experience in frontend, backend, database design, and system design. Expertise in scalable web & mobile application development using React, Java, Spring Boot, C#, and ASP.NET. Skilled in relational (MySQL, PostgreSQL, MSSQL) and NoSQL (MongoDB) databases. Strong advocate of best coding practices, and Agile methodologies. Passionate about AI-driven solutions, automation, and continuous learning to drive innovation and efficiency.

## Certification

Hackathon Coding Competition

Engineering Tech

## LANGUAGES

English Advanced  
Tamil Native

## SKILLS

React JS React Native HTML  
JavaScript Bootstrap CSS PHP  
Tailwind CSS Illustrator ASP.NET  
Figma UI/UX C# VB.NET Java  
SpringBoot SQL MySQL MSSQL  
PostgreSQL MongoDB Postman API  
TypesScript GitHub SEO Optimization  
VS Code IntelliJ IDEA MSSQL SSMS  
XAMPP System Design Agile JIRA  
MVC SQL Server Restful APIs  
Diagram Making Team Management  
CI/CD System Analysis Leadership

## EDUCATION

---

**BEng Hons in Software Engineering**  
**London Metropolitan University (LMU)**

 2024-2025

**HND in Computing (Software Engineering)**  
**Pearson - Esoft Metro Campus**

 2022 - 2024

**Engineering Technology - Advanced Level**  
**Zahira College Kalmunai - Sri Lanka**

 2019-2022

## BACKGROUND

---

Nationality: Sri Lankan

Driving License: Sri Lankan Light Vehicle

## VISA TYPE

---

Visit Visa - Expires Jun 2025
